

## SCRM and Flying the iPad IFR

This workshop is a hands-on demonstration of the ForeFlight iPad application. A discussion of the pertinent FARs, ACs, and JOs concerning the use of non-IFR approved EFBs in Part 91 operations will kick off the discussion, followed by an in-depth review of NextGen and specifically ADS-B. Select features of ForeFlight, including flight planning, flight plan filing, and customizing data fields will be demonstrated, as will some advanced techniques for defining waypoints, routes and IFR procedures. Bring your iPad! Click the link below and register TODAY!

**Directions:** Please see the map link for directions. The seminar will be held in conference room

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
